MARKET OVERVIEW IMPERIAL BEACH

Imperial Beach

Overview

Located in San Diego's South Bay region, and the southernmost beach town in California, Imperial Beach is just five miles north of the Mexico border, and includes a 4-mile stretch of beach offering a host of activities including great surfing, sport fishing, beach volleyball and horseback riding along the coast. The Imperial Beach pier provides sweeping views of the Los Coronados Islands and is a popular spot for strolling, pier fishing and watching the sunset. Imperial Beach is connected to Coronado by way of the Silver Strand, a narrow, 7-mile long isthmus, popular for camping, bird watching and bicycling. Imperial Beach is also home to the Tijuana River National Estuary, a place where the fresh water of the Tijuana River mixes with the salt water of the Pacific Ocean creating the largest saltwater marsh in Southern California. The estuary is one of the top birding spots in San Diego with many endangered birds and wildlife on display. Close by you will also find the Living Coast Discovery Center, a family and budget friendly aquarium experience.

There is a host of annual events to entertain including free fish derbies, triathlons and the annual Sun & Sea Festival featuring elaborate, awe-inspiring works of sandcastle art. Other art in the area includes the Surfboard Museum, an outdoor public art project exploring the history of surfing in Imperial Beach. A bike path that runs from Imperial Beach to Coronado provides beautiful views of southern San Diego bay, the salt flats and Silver Strand State Beach.

Imperial Beach was originally settled by residents of the Imperial Valley looking for a break from the intense inland summer temperatures. The population was augmented by workers who built the nearby Hotel del Coronado, and they truly found a paradise of their very own. Summer temperatures rarely go above the low 80's and, in winter, hover in the 60's. The area also experiences around 323 mostly or partly sunny days, with clouds occasionally rolling in during the winter months.

In the last decade, Imperial Beach has undergone a revitalization effort, though one that has not destroyed its unique character. Following the opening of the 78room Autograph Collection by Marriott hotel, it began to shed its more rough-and-tumble image, and small businesses in the area saw a wave of investment. The opening of 27,334 SF Breakwater Town Center in 2017 brought new retail offerings to the area, and the developments have met with little local opposition. This wave of development is also bringing new housing in its wake.

Housing & Demographics

Housing prices in the Imperial Beach area (Zip Code 91932) have appreciated significantly over the past year. According to the San Diego Association of REALTORS (SDAR), in July 2020 the median price for a single-family (detached) residence was \$716,875 and the while the median price for a townhouse-condo (attached) was \$470,500. Detached prices increased by 13.3% year-over-year compared to July 2019 while attached prices increased by 4.6% over the same period. Median sale prices year-to-date have gone up by 6.3% for detached and 12.0% for attached compared to the same seven-month (January to July 2019) period last year.
